THE BMW M 1000 RR

RACING LIKE NO OTHER

For all those driven by their passion and ready to take on challenges. For all those who refuse to give up one single millimeter or millisecond: The BMW M 1000 RR is the superbike homologated for racing. It was perfected in the wind tunnel and further developed on the circuit. It has optimised aerodynamics and uses carbon, resulting in a significantly higher top speed of 314 km/h. Its engine and chassis remain as powerful and direct as ever. The BMW M 1000 RR stands for absolute performance and exclusivity down to the last detail. Just the typical M. #NeverStopChallenging.
